## Product Description

### PlayStation Compatible Gaming Headset with Precise Microphone

#### Product Description:

These ODM gaming headsets are specifically designed for the PS5, making them a perfect accessory for those who want the ultimate gaming experience. These headsets are compatible with other gaming consoles as well, so no matter what system you have, you can enjoy the best gaming experience with the ODM gaming headsets.

The ODM gaming headsets are wired, so you don't have to worry about any connectivity issues while gaming. Wired headsets provide a stable connection, ensuring that you don't experience any lag while playing. This is especially important for competitive gamers who need every advantage they can get to win.

The frequency response of these headsets is impressive, ranging from 20Hz-20kHz. This means that these headsets can produce high-quality sound that is perfect for gaming. You won't miss a single sound while gaming with these headsets, allowing you to immerse yourself fully in the gaming world.

The ODM gaming headsets also have a microphone, which is perfect for those who want to communicate with their teammates while playing online. The microphone sensitivity of these headsets is -38dBV/Pa, which means that your voice will be clear and easy to understand by your teammates. This is especially important for competitive gamers who need to communicate effectively with their teammates to win.

In conclusion, the ODM gaming headsets are the perfect addition to any gamer's setup. With its sleek black design, wired connectivity, impressive frequency response, and microphone, these headsets are a must-have for those who want the ultimate gaming experience. Whether you're a casual gamer or a competitive gamer, the ODM gaming headsets have everything you need to take your gaming experience to the next level.
