THX Spatial Audio Technology

Go beyond traditional virtual surround sound. THX Spatial Audio breaks the boundaries of defined 5.1 and 7.1 channel surround to deliver seamless 360° positional audio for a more natural and lifelike experience. It also adds depth by simulating sound both above and beneath you for incredible gaming immersion.

Enhanced Comfort Design

The X6 PRO is designed for extended gaming sessions with its auto-adjusting headband that comfortably fits your head and unibody aluminum frame that keeps it lightweight even after hours of wear. The cooling gel ear cushions provide additional comfort during long gaming sessions.

About Our Company

Headroom is a high-tech enterprise specializing in the research, development, production and sales of headphones. With 15 years of experience in audio products, we focus on delivering high-quality gaming headsets with innovative features.

Our factory employs 141 staff including 11 sales professionals and 4 engineers, committed to providing customers with the highest quality products and excellent service. In 2019, our turnover reached 80 million RMB with 36 agents for private brands growing at 76% per year.
